

NOVAWALL EcoTRACK® Track-Back Program

At NOVAWALL we support sustainable programs. We want to make sure that EcoTRACK® is properly recycled and that the return of EcoTRACK® to Novawall is as efficient as possible.

Demolition company, General Contractor or Recycler

Please follow these 3 simple requirements to assist us in the recycling of EcoTRACK®.

- ✓ Must be EcoTRACK® by NOVAWALL – confirm our manufacturers mark is on the back.
- ✓ Remove all staples from the EcoTRACK® extrusions.
- ✓ Box up used EcoTRACK® extrusions for shipping to NOVAWALL – we'll do the rest!
